- Problem Solving
- Communication
- Analytical Thinking
- Leadership
- Adaptability and Continuous learning
- Team work and Collaboration

## ACHIEVEMENTS

- NCC C Certificate A grade holder
- Represented Kerala for an All India Trekking Expedition
- Kho-Kho District Player

## INTERNSHIPS

- Data Science Machine learning internship - YBI foundation
- Machine Learning Intern- Bharat Intern

## LANGUAGES

- English
- Malayalam

## ABOUT ME

I am a dedicated software developer with strong expertise in Python, Django, SQL, Power BI, and Tableau. Skilled in building dynamic web applications, managing complex databases, and delivering data-driven insights through interactive dashboards and visualizations. My solid foundation in both backend development and data analysis allows me to create scalable, efficient solutions that enhance business performance and drive innovation..
